the authors' knowledge, this is the first study to examine the effects of a single session of a group-based, self-help, cognitive-behavioral program on the self-reported health status of older adults with chronic conditions. The authors' findings suggest that a single session of a group-based, self-help, cognitive-behavioral program can improve the self-reported health status of older adults with chronic conditions. The authors' findings also suggest that a single session of a group-based, self-help, cognitive-behavioral program can improve the self-reported health status of older adults with chronic conditions. The authors' findings also suggest that a single session of a group-based, self-help, cognitive-behavioral program can improve the self-reported health status of older adults with chronic conditions.

1. The first part of the report is a general statement of the purpose and scope of the study. It is followed by a brief review of the literature on the subject. The third part of the report is a description of the methods used in the study. This is followed by a presentation of the results of the study. The final part of the report is a discussion of the results and their implications.

2. The second part of the report is a detailed description of the methods used in the study. This includes a description of the subjects, the materials, and the procedures. It also includes a description of the data collection and analysis methods.

3. The third part of the report is a presentation of the results of the study. This includes a description of the data and a discussion of the results. It also includes a discussion of the implications of the results.

4. The fourth part of the report is a discussion of the results and their implications. This includes a discussion of the strengths and limitations of the study and a discussion of the implications of the results for future research.

5. The fifth part of the report is a conclusion. This includes a summary of the findings of the study and a statement of the author's conclusions.

6. The sixth part of the report is a list of references. This includes a list of all the sources cited in the report.

7. The seventh part of the report is an appendix. This includes any additional information that is relevant to the study.

8. The eighth part of the report is a glossary. This includes a list of all the terms used in the report and their definitions.

9. The ninth part of the report is a list of figures. This includes a list of all the figures in the report and their captions.

10. The tenth part of the report is a list of tables. This includes a list of all the tables in the report and their captions.

11. The eleventh part of the report is a list of abbreviations. This includes a list of all the abbreviations used in the report and their meanings.

12. The twelfth part of the report is a list of symbols. This includes a list of all the symbols used in the report and their meanings.

13. The thirteenth part of the report is a list of footnotes. This includes a list of all the footnotes in the report.

14. The fourteenth part of the report is a list of appendices. This includes a list of all the appendices in the report.

15. The fifteenth part of the report is a list of references. This includes a list of all the sources cited in the report.

16. The sixteenth part of the report is a list of figures. This includes a list of all the figures in the report and their captions.
